Groups Welcome

Big Brothers Big Sisters of Frederick County has started a new School-Based Mentoring Program. This program gives active adults who live and/or work in Frederick County the opportunity to have a significant and positive impact on a child's personal and academic development and/or to assist their teachers as needed. To serve more children in need, Big Brothers Big Sisters seeks to establish "volunteer-rich" partnerships which engage mentors from corporations, civic groups, high school and colleges, faith-based groups, the military and service clubs. The adult mentor is scheduled to volunteer for an hour or more or less weekly. This time could be incorporated into a lunch hour or before or after work. This is also a great opportunity for housewives, senior citizens and retirees to get involved volunteering in the community. The key to this program is to accommodate the volunteer's busy schedule. Making a difference, one child at a time, is the objective of this program.
